MEMORANDUM FOR THE RECORD

SUBJECT: Judge Charles C. Marbury - Refusal to Grant Agency Request That An Employee be Excused From Jury Duty

I met with Judge Marbury in his chambers at the Prince George's County Courthouse this morning and gave him the letter over the signature of the Deputy Director (Support), requesting that [redacted] 25X1A9a
25X1A9a [redacted] be granted a postponement of jury duty. Judge Marbury explained that the Court has a rigid policy of not excusing Government employees because of pressure of work. I made the strongest possible
25X1A9a case for [redacted] and attempted to impress upon the Judge that while the Agency asks to have employees excused only under extraordinary circumstances, there are times when we are unable for security reasons to give greater details explaining our need to have an employee excused. Judge Marbury remained adamant in his refusal to grant the postponement, and I did not feel it wise to plead a critical situation or to carry my request to any greater lengths.
